Serial No. 10/603,487

Amendment in Resp. to Off. Action of Apr. 2, 2007

UTILITY PATENT

B&D No. JK01493

REMARKS

Applicants have canceled Claims 1-35, 42-49 and 55.

Currently in the above-identified application therefore are Claims 50 and 56-58.

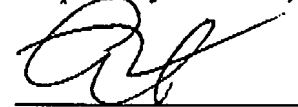

The Examiner has rejected Claims 50 and 56-58 under 35 USC § 103(a) as being unpatentable over US Publication No. 2003/0110914 ("Brazell") in view of US Patent No. 5,249,879 ("Zoor"). Reconsideration and withdrawal of this rejection are respectfully requested.

Applicants have amended Claim 50 to include the subject matter of Claim 55, which was noted by the Examiner to contain allowable subject matter.

In view of the foregoing, all the claims are patentable and the application is believed to be in condition for formal allowance. Reconsideration of the application and allowance of Claims 50 and 56-58 are respectfully requested.

No fee is due for the present amendment. Nevertheless, the Commissioner is authorized to charge payment of any fees due in processing this response, or credit any overpayment to Deposit Account No. 02-2548.

Respectfully submitted,

Adan Ayala
